Important Open Enrollment Information

Open Enrollment is from **Monday, October 20, 2025 through Friday, November 7, 2025**. We encourage all employees to complete an active election for both State Health Benefit Plan and your voluntary benefits. If you do not complete an enrollment election, all benefits, with the exception of the FSA, will continue to 2026. The first deductions for 2026 are taken in **December 2025**.

Medical

- Current medical benefits (including tobacco surcharge if applicable) will carry forward to 2026.
- Open Enrollment is a great time to access the SHBP portal to review your enrollment information and print a Confirmation Statement for your records.

Voluntary Benefits

Because many of the voluntary benefits have coverage and premium updates for 2026, and additional benefits are being offered, **we strongly encourage all employees to complete an active voluntary benefits enrollment.** Flexible Spending Account (FSA): You are required to complete an active enrollment for 2026. **An FSA election is required every year for coverage to continue.**

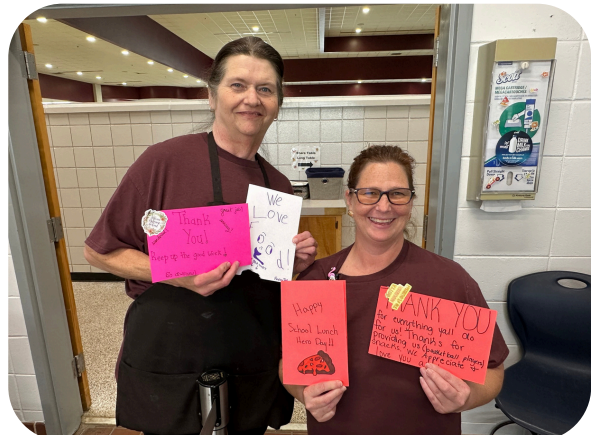

It is also important for you to confirm or update your life insurance beneficiary(ies) during this Open Enrollment.

Dependent Children

Effective January 1, 2026, children are eligible dependents for voluntary benefits to age 26, regardless of student status.

Dependent Spouse Note

Reminder: If you and your spouse are both district employees, duplicate coverage is prohibited. During your enrollment, please update your dependent record if your spouse is also a district employee.

Medical Coverage

State Health Benefit Plan (SHBP)

Coffee County Schools participates in the State Health Benefit Plan. Refer to the Active Member Decision Guide for complete details.

SHBP Employer-Contribution

The district funds a significant portion of your 2026 health insurance premiums: **\$1,885 per month / \$22,620 per year**. This financial contribution allows you to receive quality medical plan coverage at a competitive cost.

Medical Plan Overview

Preventive care is covered at 100% for all plan options.

Anthem	
HRA Gold HRA Silver HRA Bronze	The Gold, Silver, and Bronze HRA plans have different HRA credits, deductibles, coinsurance levels, and out-of-pocket limits. Most services are subject to a deductible. Then you pay coinsurance up to the out-of-pocket maximum. For prescription drugs, you pay a percentage of the retail cost. The HRA plans include a SHBP-funded Health Reimbursement Account (HRA) to provide first-dollar medical and pharmacy expenses. Unused HRA credits roll over to future years.
HMO	This plan has the lowest deductible and provides in-network coverage only. Some services, such as office visits, ER and prescription drugs, are covered at 100% after a copay. For most other services, you are responsible for a deductible and coinsurance until you meet your out-of-pocket maximum.
UnitedHealthcare	
HMO	Same benefits as the Anthem HMO, but utilizes the UnitedHealthcare provider network.
High Deductible Health Plan (HDHP)	Lowest premiums, highest deductible and out-of-pocket maximum. All services including pharmacy are subject to deductible and coinsurance. A Health Savings Account (HSA) is available with this plan.

Pharmacy Information

- CVS Caremark administers the pharmacy benefits for HRA, HMO, and HDHP members.
- You are not limited to CVS pharmacies for your retail prescription needs. The CVS Caremark pharmacy network is extensive, and participating pharmacy information is available (<https://info.caremark.com/oe/shbp>).
- For your convenience, you may purchase a 90-day supply via retail at participating in-network pharmacies.
- Certain drug costs are waived if SHBP is primary and you actively participate in the Coronary Artery Disease (CAD), Diabetes, Asthma Disease Management Programs and/or Medication for Addiction Treatment Programs.

Dental Plans

Coffee County Schools is offering new dental plans through Unum: The Standard Plan with a lower annual maximum, and the Enhanced Plan with a higher annual maximum benefit and orthodontia coverage. Although we encourage all dental plan members to obtain care from in-network Unum providers to avoid balance billing, it’s especially important for Standard Plan members to access participating dentists to avoid higher out-of-pocket costs.

The **Standard Plan** offers pre-determined fees for dental services with specific in-network providers to help you get quality care at better prices. Out-of-network providers may be used, but they may charge much higher rates for the services than the fees that Unum has negotiated with in-network providers. If you elect the Standard Plan and visit an out-of-network provider, you will be required to pay the difference between the actual charge and the approved in-network fee for that service in addition to any applicable coinsurance.

The **Enhanced Plan** pays out-of-network claims based on reasonable and customary charges. Under this plan, your out-of-pocket expenses are lower for out-of-network providers.

To locate in-network providers, access www.unum.com/employees/benefits/dental-insurance, click “Find a Dentist” and follow the search instructions.

Enhanced Plan	\$1,000	\$500	\$250	\$1,000	\$2,000

* During each benefit year, if a member receives at least one cleaning plus one regular exam and their total dental claims are below the threshold limit, a portion of the annual maximum will automatically carry over to the next year.

Your existing dental plan election will continue to 2026 with the new Unum dental plan if you do not complete an enrollment election.

Vision Plans

Coffee County Schools offers two vision plans: The Standard Plan which provides a \$130 contact lens allowance and a \$200 frame allowance, and the Enhanced Plan which provides \$200 contact lens allowance and frame allowances.

With the VSP vision plans, you may visit any vision provider. However, in order to maximize your vision benefit, it is highly recommended that you access participating providers by visiting www.vsp.com/eye-doctor. When you visit a participating VSP vision provider, you will have a higher benefit and lower out-of-pocket costs, and you will receive the benefit at the time of service. If you go out-of-network, you will need to pay at the time of service and file a claim for reimbursement, and the benefit is reduced.

The VSP vision plans provide coverage for exams, frames, or lenses (either eyeglasses or contacts per frequency). If you see an in-network provider, you pay a copay for your eye exam and lenses, and the plan pays an allowance of either \$130 or \$200 for contact lenses and \$200 for frames. Additional copays apply for eyeglass lens options.

VSP Lightcare is an added benefit for 2026 that provides 100% coverage up to the frame allowance for ready-made non-prescription sunglasses or ready-made non-prescription blue light filtering glasses instead of prescription glasses or contacts.

Frequency Limitations: The vision plan has frequency limitations. The exam benefit and contact lens benefit are once every calendar year. Frames are allowed once every other calendar year on the Standard Plan and once every calendar year on the Enhanced Plan.

Vision Monthly Premiums	Standard Plan	Enhanced Plan
Employee Only	\$8.41	\$13.15

Your existing VSP vision plan election will continue to 2026 if you do not complete an enrollment election.

If you are enrolled in vision coverage in 2025 and do not complete an active enrollment election, you will be enrolled in Standard Vision for 2026.

FLEXIBLE SPENDING ACCOUNTS (FSA)

Flexible Spending Accounts (FSA)

There are two types of Flexible Spending Accounts (FSA's) available: **1) Healthcare FSA** for medical, dental, vision, pharmacy, and other related expenses and **2) Dependent Care FSA** primarily dependent day care expenses. Medcom is the administrator for your FSA plans. An FSA allows you to pay for these expenses with pre-tax dollars, saving you money. Your taxable income is reduced by your annual FSA contributions. Plus, the reimbursements are tax-free.

Healthcare Flexible Spending Account

You can contribute **up to \$3,300** during 2026 into a Healthcare FSA (minimum annual contribution is \$300). Eligible Healthcare FSA expenses include deductibles, copays, coinsurance, prescription drugs, over-the-counter drugs and supplies (no prescription required), dental, and vision expenses.

Dependent Care Flexible Spending Account

The Dependent Care FSA enables you to pay for certain dependent care expenses using pre-tax dollars. Single individuals and married couples filing jointly may contribute **up to \$7,500** in a Dependent Care FSA for 2026. For married individuals filing separate returns, the **limit is \$3,750**. Eligible dependent care expenses include, but are not limited to, day care and before and after-school care for children up to age 13 and certain adult day care expenses for incapacitated adult dependents.

Child Daycare:

- Includes daycare facilities, babysitters inside or outside the household, before and after-school care, and more
- For children, step-children, and children eligible for a tax exemption on your federal tax return

Adult Daycare:

- Disabled children age 13+
- Spouses physically or mentally unable to care for him/herself
- Any adult you can claim as a dependent on your tax return who is physically or mentally unable to care for him/herself and lives in your home

Other Account Features

Participants in the FSAs receive a debit card so that many expenses can be paid at the time of service, eliminating the reimbursement process. The funds are debited from the account and paid to the doctor's office, pharmacy, or day care facility directly at the time of purchase. When the debit card is not accepted, you are required to pay for the expense and submit a claim for reimbursement. As a reminder, you only receive new debit cards upon card expiration.

Use It or Lose It

Claims must be incurred by December 31, 2026 to be eligible for reimbursement for the 2026 plan year. The IRS requires that any unused money in your account at the end of the plan year be retained by your employer and forfeited by the employee. However, the IRS allows **Healthcare FSA** plan members to roll over up to \$660 of unused funds for future use. The \$660 roll over option does not apply to the Dependent Care FSA.

IRS regulations require appropriate documentation to ensure your claims are valid expenses. You will be asked to provide receipts as documentation for most expenses. Retain receipts and provide them promptly upon request.

Plan Year

The FSA plan year for 2026 is January 1 through December 31.

Important Separation Information

Please note if you terminate employment or retire, eligible FSA claims must be incurred prior to your benefits end date, regardless of your FSA balance.

Once you've bought coverage, your cost won't increase as you age. The benefit amount stays the same as well and doesn't decrease as you get older. That means you get protection during your working years and into retirement. Whole Life Insurance also builds cash value at a guaranteed rate. You can borrow from that cash value, or you can buy a smaller, paid-up policy with no more premiums due.

Policy Features

- Whole life insurance provides valuable protection in addition to any term life insurance you have.
- It's more affordable when you're younger. Once you've bought coverage, your cost doesn't change.
- The premiums are conveniently deducted from your paycheck. If you leave employment, you can keep this coverage and be direct billed.
- Whole life insurance provides valuable protection in addition to any term life insurance you might have.
- The policy includes accelerated death benefit: You may request up to 100% of the death benefit to a maximum of \$150,000 if you're diagnosed with a terminal illness and expected to live for 12 months or less.

Guarantee Issue Amounts

The Guarantee Issue amounts (no health questions) are as follows: \$100,000 for employee coverage and \$30,000 for spouse coverage.

Employees with Existing Unum Whole Life Insurance

The new Unum whole life insurance plan is not intended to replace the current policy. Employees with current Unum whole life coverage will retain your existing policies through self bill. It is generally recommended that existing policies be retained because of the cash value accumulated. Employees with current whole life coverage are also eligible to elect coverage with the new plan.

The new Unum whole life insurance plan is lower in cost than the existing whole life policies.

Disability Insurance

Disability coverage provides an income replacement benefit in the event you are unable to work due to an illness or accident. Coffee County Schools is offering new Short Term Disability (STD) and Long Term Disability (LTD) plans insured by Unum. You may elect STD, LTD, or both depending on your specific needs. Short Term Disability provides an income replacement benefit for a short period of time (up to 11 weeks). If you remain disabled and unable to work upon Short Term Disability exhaustion, Long Term Disability would begin on the 91st day of disability and continue to age 65 or Social Security retirement age should you remain disabled.

Special Enrollment Opportunity: Unum is offering a one-time Open Enrollment allowing you to elect new STD and/or LTD coverage at this time with no health questions. Future elections will require health questions.

Important Enrollment Information: Employees currently enrolled in disability coverage will be automatically enrolled in both the new Unum Short Term Disability and Long Term Disability plans. If you are enrolled in the 7-day or 14-day waiting period option, you will be enrolled in the 14-day waiting period STD option for 2026. All other current disability plan members will be enrolled in the 30-day waiting period STD option for 2026. You may change your disability election during your enrollment.

Pre-Existing Conditions Exclusion

The disability plans include a pre-existing conditions exclusion. You have a pre-existing condition if you received medical treatment, consultation, or services including prescription drugs in the 3 months preceding your benefits effective date of coverage. Disabilities caused by pre-existing conditions are excluded, but once you have been insured for at least 12 months, the exclusion no longer applies.

Commonly Used Healthcare Terms

Carrier - Insurance company insuring your benefits

Coinsurance – Percentage of medical bills that patient is responsible for; goes into effect after deductible has been met.

Copay – The per visit charge paid each time you see your doctor.

Deductible – The amount of medical costs you are financially responsible for before coinsurance applies.

Employee Assistance Program (EAP) – Program with services to assist with handling life's problems (stress, mental illness, addiction, workplace issues, etc.)

Explanation of Benefits (EOB) – Received from carrier summarizing charges for care received. It will spell out what was billed, how much your carrier paid, and how much you are responsible for.

In-Network – Providers that have contracted with your carrier. Going in-network will save you money.

Out-of-Network – Providers that have not contracted with your carrier. Going out-of-network will result in reduced coverage, or no coverage at all. Potential balance billing can occur when you go out-of-network.

Out-of-Pocket Maximum – The maximum amount you will pay for medical expenses before your plan will pay 100%.

Primary Care Provider (PCP) – Doctor that you typically visit first with health issues; they manage your overall care.

Participating Dental Provider (PDP) Fee – Amount dentist has agreed to accept as payment for services from carrier.

Premium – Amount deducted from your paycheck to pay your portion of your insurance.

Preventive care – Care obtained to prevent major health issues: annual physicals, mammograms, colonoscopies, etc.

Qualifying Life Event (QLE) – Event (i.e. marriage, birth of child, gain/loss of coverage), that allows you to make changes to coverage during the year within a specific timeframe, typically 31 days from date of event.

Summary Plan Description (SPD) – Overview of provisions of plan, including coverage for specific procedures and applicable legal language.

Plan Types

- **High Deductible Health Plan (HDHP)** – Typically has individual deductible of at least \$1,700. Many qualified HDHP plans do not have copays, and all care is subject to the deductible and coinsurance.
- **Health Maintenance Organization (HMO)** – Network plans require a PCP to be responsible for care (referrals required for specialist). There is no out-of-network coverage, and HMOs usually have more plan restrictions.
- **Health Reimbursement Arrangement (HRA)** – An employer-funded health plan that reimburses employees for qualified medical expenses. Reimbursement dollars received by employees are generally tax-free.

Medical Savings Account Types

- **Healthcare and Dependent Care Flexible Spending Accounts (FSA)** – Accounts in which pre-tax income is put aside to pay for IRS-qualified medical / dependent care expenses. The FSA is “use it or lose it”: funds must be used by end of plan year or be forfeited. However, the IRS allows Healthcare FSA plan members to roll over up to \$660 of unused funds for future use. The \$660 roll over option does not apply to the Dependent Care FSA.

Definition of Dependent

- Legally married spouse
- Naturally or legally adopted child(ren) or stepchild(ren), below age 26
- Child(ren) due to Legal Guardianship
- Natural or legally adopted child(ren) or stepchild(ren) 26 or older who are physically or mentally disabled prior to age 26, and who are primarily dependent on the enrolled member for support
