

Help Protect Your Identity, Better Protect Your Family – On the Go

In today's digital world, your identity is more vulnerable than ever. The ID Watchdog mobile app from Equifax gives you the power to help you better safeguard your—and your family's—personal information, with key features you need on the go

- **Get faster access to alerts**
- **Control who can access your credit report—and your children's**
- **Check your credit score anytime**
- **Add and manage data included in our AI-powered scans**
- **Access device protection, personal VPN, and other security tools included with your plan**
- **Learn steps you can take if you become a victim of identity theft or fraud**
- **Connect to 24/7 U.S. based support with one click**
